

Lifelines Outreach

Lifelines Outreach Ministry, is a non-profit ministry serving Jesus for the greater Nashville area.

Our Bible study at Copperstone Apartments has been a blessing despite being fantastically different than what we thought it would be. What we thought would be a study for the adults in the under populated apartment complex has become a time of study and laughter for middle school and high school students that have recently moved in from flooded areas. Copperstone is now packed with people that have been displaced from other complexes due to flooding.

While we are happy to have so many students, we are still seeking a way to reach out to the adults in the complex. Currently we are working toward accessing an event room in the complex to house a student group while having a study for adults in Alan and Sonya's apartment. Please continue to pray for this to open up and for Richard to maintain sanity while repeatedly asking new managers and owners for access to the room.

One of the greatest needs for the adults at Copperstone is for steady employment. We have been praying for opportunities to open up for several of the tenants there. While the Lord has provided temporary jobs for some of them, they still need permanent jobs. It is a hurdle for anyone to focus on their spiritual lives when they are so worried about their day to day living needs. Pray for both peace in their current situation, and that God will provide them with work that can provide for their needs.

Also pray for the various students as they live their lives this summer. For many, especially those that just had to move to Copperstone, summer is the most difficult season of the year. During the school year there is a schedule, things to do, and two free meals a day. During the summer there is boredom, dealing with agitated parents, and sometime little to eat. Pray that God will watch over them and that they will be open to his love. —*Matt Carver*
